

Mesa City Code Title 8, Chapter 4, Section 22

8-4-22: INTERCEPTORS:

- (A) Interceptors such as grease, oil, or sand shall be provided for laundries, restaurants, service stations, auto repair shops, carwashes, and other facilities when the Utilities Manager determines that they are necessary for the proper handling of liquid wastes containing grease or oil in excessive amounts or any flammable wastes, sand, and other harmful ingredients. (2809/Reso. 6567,4330)
- (B) All interceptors shall be of a type and capacity approved by the Utilities Manager and shall be located as to be readily and easily accessible for cleaning and inspection. (2809/Reso. 6567)
- (C) Interceptors such as grease, oil, or sand shall be constructed of impervious materials capable of withstanding abrupt and extreme changes in temperature. They shall be of substantial construction, watertight, and equipped with easily removable covers. When bolted covers are required, they shall be gastight and watertight. (2809/Reso. 6567,4330)
- (D) Where installed, interceptors such as grease, oil, or sand shall be maintained by the owner, at the owner's expense, in continuously efficient operation at all times. The owner shall keep written records and documentation of all cleaning, repair, calibration, and maintenance required to demonstrate compliance with this Section. Records shall be kept at the facility for a minimum of three (3) years and shall be made available to the Utilities Manager upon his request. (2809/Reso. 6567,4330)
